

24<sup>th</sup> September 2021

Dear Parents,

### **Assessment, Reporting and Parents' Evening**

I am writing to inform you of our assessment and reporting procedures for this term and the Parents Evenings that will follow.

The school uses formal assessment systems that allow us to compare our children with others on a national level and, importantly, allows staff to have an accurate and immediate understanding of your child's potential development and next steps for progress.

Children from Year 2 to Year 6 will be assessed prior to the October half-term using either online or paper assessments. These results will then be recorded in your child's progress report in November.

Children from Nursery to Y1 will be assessed by their teachers using Pupil Asset.

All classes within the school from Nursery to Year 6 will receive a progress report in November.

This report, as in previous years, will then be followed by a Parents' Evening (Kindergarten to Year 6) in the week commencing 22<sup>nd</sup> November. Please note that Parents' Evenings this term will continue to be online using the School Cloud System. More details on reports and Parents' Evenings will follow after the October half-term.

We have been delighted with the start of the academic year and thank you for your continued support.

Best wishes,

*G Booth.*
