

4th January 2024

Dear Parents,

Changes to School Lunches

As you are aware, after being dissatisfied with the quality of service we were receiving from our food management company, we took the decision to take our catering completely in house. Chef Simon does a fantastic job of sourcing the best ingredients for your children and cooking a varied menu.

Back in October we sent out a parent survey, giving our parents the opportunity to give us any feedback on our school lunches. Having now had time to review all the feedback, we are writing to let you know that we have made some changes in response to your comments.

Starting this half term, the lunches will run on a biweekly menu, as opposed to the current three week menu. This is in response to parent feedback regarding the preference for a reduction in processed food; the biweekly menu allows for better quality, less processed food.

Please find the new menus [here](#) (scroll down to view the menus). As you can see, the children are offered a great deal of choice each lunchtime and we can assure you that they are encouraged by staff to get a well-balanced plate full. Menu one will begin on Monday 8th January 2024.

Thank you to all the parents who took the time to complete the survey and we hope you are pleased with the revised menus.

Yours sincerely,

Graeme Booth
Headmaster
