

Termly Curriculum Overview

Year 2 Summer Term 2 - 2019

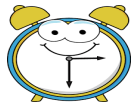

Mathematics

Maths teaching will cover the following areas:

- ◆ Place value
- ◆ Column method
- ◆ Formal multiplication
- ◆ Problem solving
- ◆ Fractions
- ◆ Weight and Capacity

Multiplication tables and number bonds are covered daily.

English

English teaching is split into three strands; sentence structure and spelling, text analysis and understanding of reading.

Sentence: Thesaurus work. Apostrophes to show possession and contraction. Editing skills. Descriptions using adjectives and adverbs.

Text: Comprehension skills. Reading to make sense. Inference skills.

Comprehension: The Lighthouse Keeper's Lunch as a class book.

Bond English: Completing Bond English Age 6-7 book prior to Year 3.

Science

This half term we will be looking at 'Grouping and Changing Materials.' Over the coming weeks we will be able to:-

- * Classify a variety of materials and what things are made from.
- * Compare the properties of materials.
- * Discuss how heat and cold can affect a material.

Homework

Year 2 homework is set every evening to enable the children to consolidate their learning.

This half term homework will include:

- Spelling sentences and activities
- Consolidation of number bonds
- Mental Arithmetic
- Times table work using multiplication and division facts
- Written methods of working out
- Comprehension and text work

Humanities and Arts

The foundation subjects offer the children in Year 2 a wealth of opportunities to explore new ideas and beliefs.

GEOGRAPHY Seaside - We shall be learning about the geographical changes of a seaside and the features that we can see there.

RE The Torah - The rules of the Torah and place of worship.

ART Puppets

PSHE - Changes

Music

Pre-Prep and Lower school are rehearsing for the annual Summer Showcase - an afternoon of

Computing

Data handling- spreadsheets.

French

Pupils will continue to practise previously learned language.

They will learn about *Monsieur Arc-en Ciel*, a wooden man whose eyes change colour and who eats the strangest things.

When the sun is shining, they will go outside to learn playground games.

Physical Education

Ball Skills

Athletic Activities
