

Termly Curriculum Overview

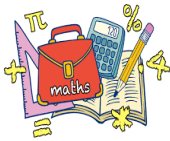

Year 2 Summer Term 1 - 2021

Mathematics

Maths teaching will cover the following areas:

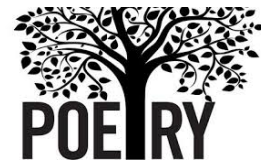

- ◆ Applying patterns
- ◆ Column method
- ◆ Formal multiplication
- ◆ Problem solving
- ◆ Fractions of Quantities
- ◆ Weight and Capacity
- ◆ Interpretations

Continual practise of number bonds and multiplication tables.

English

English teaching is split into three strands; sentence structure and spelling, text analysis and understanding of reading.

Sentence: Dictionary and thesaurus work. Apostrophes to show possession and contraction. Editing skills, rhyming words and rhyming patterns

Text: Comprehension skills, descriptions, poetry and story planning and writing.

Comprehension: Poetry from various poets including performance poetry by Michael Rosen.

Science

This half term we will be looking at 'Growing Up and Keeping Healthy.'

Over the coming weeks we will be able to:-

- * Classify a variety of foods and suggest if they are healthy choices.
- * Compare animals and humans at different stages of their lives.
- * Discuss medicines and the importance of staying healthy.

Homework

Year 2 homework is set every evening to enable the children to consolidate their learning.

This half term homework will include:

- Spelling sentences and activities
- Consolidation of number bonds
- Mental Arithmetic
- Times table work using multiplication and division facts
- Written methods of working out
- Comprehension and text work

Humanities and Arts

The foundation subjects offer the children in Year 2 a wealth of opportunities to explore new ideas and beliefs.

HISTORY: Florence Nightingale - We shall be learning about the life of Florence Nightingale; why she became a nurse and the impact that her life had on modern hospitals.

RE: The Torah - The rules of the Torah and the Jewish place of worship.

PSHE: Relationships.

ART: Artist Study.

Music

Year 2 will rehearse a special socially-distanced performance of "Chicken Licken". Reception and Year 1 will be the performers while Year 2 are our in-house ukulele orchestra!

Computing

Using Bee-bots, Year 2 will understand what algorithms are; how they are implemented as programs on digital devices; and that programs work by following precise and unambiguous instructions.

In their Programming and Control unit, they will explore how to create and debug simple programs.

French

Pupils will continue to practise previously learned language.

They will learn to order ice creams of various flavours and will be able to state their preferences.

At the end of the session, they will continue to line up for lunch with military style precision with *Mettez vous en rang*.

Physical Education

Ball Skills

Athletic Activities
