

*Year 3 Long Term Plan for mathematics*

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Week 1	Number and place value	Measures length, mass and capacity	Number and place value	Chinese New Year	Number and place value	Geometry, polygons and perimeter
Week 2	Addition and subtraction	Fractions	Addition and subtraction	Mult/division	Shape and space	Fractions
Week 3	Multiplication and division	Money and problems	Multiplication and division	Money and problems	Revision of 4 rules and missing digit sums	Division with remainders
Week 4	Assessment Week	Lines, angles, symmetry	Shape and space	Handling data	Assessment Week	Revision of number and counting patterns
Week 5	Money and Problems	Lines, 2D shapes	Fractions	Geometry lines and angles	Handling data	Time
Week 6	Roman Week Time	Handling Data	Measures length, mass and capacity	Add/sub problems Assess and review week	Money and problems	Assess and review week
