

7th November 2025

Dear Parents,

School Communications - The Forest Prep App

We are pleased to share that the school is in the final stages of preparing to launch a new Parent App for all school communications.

After extensive discussions and planning with our chosen provider, we are excited to introduce the Forest Prep App, a personalised platform designed to make communication between school and home more streamlined, coherent, and accessible.

The new app will bring everything together in one convenient place, including messages, notices, key dates, parents' evenings and important updates. We believe this will provide a much-improved experience for both parents and staff, ensuring information is easier to access and manage.

We are aiming to roll out the Forest Prep App in **January 2026**, and further details, including how to download and set up the app, will be shared closer to the time.

Thank you for your continued support as we take this next step to enhance our communication with families.

Yours sincerely,

Graeme Booth
Headmaster
